SKILLS

- **Language:** Java, CPP, Javascript
- **Frameworks:** HTML, CSS , Tailwind CSS, Bootstrap, Node JS, Express JS, React JS
- **Database:** MongoDB, MySQL
- **Tools/Platforms:** Postman, MongoDb Compass, Github, Vercel, Render
- **Soft Skills:** Communication, Team leadership and collaboration, Time management, Task prioritization

PROJECTS

- **EZStorage – Full-Stack Storage Business & Management** | [Github](#) | [Link](#) Mar '26 – Now
 - Founded and launched EZstorage, a student-focused luggage storage service, serving 25+ customers and providing secure, affordable storage during semester and vacation breaks.
 - Designed and managed a structured booking and storage workflow to track luggage details, duration, pricing, and real-time item status.
 - Implemented secure item documentation and digital agreements to enhance operational efficiency, transparency, and customer trust.**Tech Stack:** React.js, Node.js, Express.js, MongoDB, Clerk Auth, Razorpay, Tailwind CSS
- **Foodhub – Full-Stack Restaurant & Food Ordering Website** | [Github](#) | [Link](#) Oct '25 – Jan '26
 - Collaborated in a freelance team to design and develop the FoodHub restaurant website, delivering a complete digital platform with interactive menu display, contact system, and responsive design.
 - Built and deployed a user-friendly website that streamlined menu browsing and customer inquiries.
 - Improved the restaurant's online visibility, enhanced customer engagement, and expanded its digital presence.**Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT, Razorpay, Tailwind CSS
- **Flora – A Fullstack Flower Shop Website** | [Github](#) | [Link](#) Aug '25 – Oct '25
 - Designed and developed a basic flower shop website as a project with an interactive product display, contact form, and responsive layout.
 - Built a simple, user-friendly interface to enable easy product browsing and customer inquiries.
 - Focused on front-end development fundamentals including layout design, responsiveness, and basic user interaction.**Tech Stack:** HTML, CSS, JS

TRAINING

- **Mastering Java Application Development** | [Certification](#) Jun '25 – Jul '25
 - Completed a 50-hour Certificate Course in Java for Application Development conducted by the School of Computer Science and Engineering in collaboration with the Human Resource Development Center, Lovely Professional University.
 - Achieved “**A**” **Grade** demonstrating strong understanding of Java programming concepts for application development.
 - Gained hands-on knowledge of Java development fundamentals, strengthening skills relevant to software development and backend programming.

CERTIFICATES

- ChatGPT-4 prompt engineering | [Certificate](#) Aug '25
- Computational theory | [Certificate](#) Aug '25
- Build generative AI apps and solutions | [Certificate](#) Aug '25
- Java Programming | [Certificate](#) May '25

ACHIEVEMENTS

- Generated **30,000+** revenue through EZStorage by acquiring and serving 25+ customers within the initial launch phase.
- Earned **10,000** from developing and delivering a complete website project, demonstrating practical application of web development skills.

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Computer Science and Engineering – CGPA: 7.28 Aug '23 – Present
- **Saktinagar High School** Krishnanagar, West Bengal
Intermediate Percentage: 69 Aug '21 – Mar '23
- **Lady Carmichael Girls' High School** Jan '20 – May '21
Matriculation Percentage: 89
